

## Rolling Valley West Park Athletic Field Lighting Operation

1. The lights are manually operated. Use the map below to find the light switch. To turn on the lights, push the “on” button for the appropriate field.
2. Lights are available only to users with a valid permit issued by the Fairfax County Department of Neighborhood and Community Services or with the prior written permission of the Fairfax County Park Authority.
3. The lights are available one hour before sunset. Lights are not available to a group before the start of their permit.
4. Lights are not available to a group after the end of their permit. The lights are never available after 11:00 p.m.
5. If the lights are still on when play is finished, please turn them off.

**The light switches are here, in a gray metal box on this side of the building (facing the tennis courts), next to the doors.**
